

LB2600

PLEASE READ BELOW INSTRUCTIONS PRIOR TO SWITCHING MACHINE ON

MACHINE COMPONENTS

The machine will only work with **Lavazza BLUE coffee capsules** along with **chocolate & milk powder supplied by Blue Pod**. If you attempt to use any other products the machine will be damaged and cease to work.

HOW TO FILL MACHINE

1. Insert key in left side of machine and rotate 1/4 turn clockwise. Open the front door fully to the right. Now lift front of top panel, it is hinged to the rear. You can now access the water tank and powdered milk and chocolate containers.
2. Fill the water tank with cold water. It is preferable to use a jug to fill the water tank. Alternatively the tank can be removed by lifting upward. Place back firmly in machine.
3. Lift the grey lids from milk/chocolate containers, fill with appropriate product as labelled. Use only Blue Pod powdered products, the machine has been designed for these products to give optimum results. Other products will damage the mixer mechanism. Replace the grey lids.
4. Lower the top lid and then close the front door. Ensure it is locked, remove key and store safely.
5. Insert power cord into socket at rear of machine and turn the adjacent power switch on. Ensure switch at wall socket is on.
6. The machine will now warm up and become ready in only a few seconds. The display will read 'Lavazza Take A Relax Moment'.

HOW TO MAKE A DRINK

1. Pull open the Capsule Door Insertion lid using the silver ring. Insert one Lavazza BLUE capsule with the coloured foil facing down. Push the door closed firmly.
2. Place an appropriate sized cup on the drip tray. Select from the three cup size buttons then immediately press your drink selection button. Wait for the drink to finish and take your drink.

DAILY CLEANING PROCEDURE

1. At a predefined time each day, the machine will prompt for cleaning. The display will show 'Cleaning Press P5 + P8'.
2. Place a large empty cup under the dispensing nozzle. Hold down the lower left and lower right buttons (cappuccino & hot chocolate) together. Release the buttons once the rinse cycle begins.
3. After the cycle finished, taking care not to spill, pull out the complete drip tray/used capsule assembly. Empty, separate and clean all parts. **Do NOT clean any part using a dishwasher.** Refit in reverse order.

TROUBLE SHOOTING

1. Empty The Capsule Drawer is displayed – with the machine ON, remove the drip tray/used capsule drawer. Empty and clean, refit ONLY when prompted.
2. Milk and/or chocolate in the requested drink is missing – replenish products as in above section, HOW TO FILL MACHINE
3. No Capsule is displayed - Open the capsule insertion drawer using the silver ring and insert a capsule, make drink selection.
4. No Water is displayed – refill the tank as in above section, HOW TO FILL MACHINE.
5. 'Cleaning Press P5 + P8' is displayed see DAILY CLEANING PROCEDURE above.
